SUDARSHAN MISHRA

Founder Of Company

Welcome Message

Chemfount International Pvt. Ltd. is one of the leading Traders, Importers, Indenting & Sourcing Agents of a wide range of Specialty Chemicals & Polymers. Our products support industries such as Adhesives, Coatings, Paints, Inks, Sealants, Construction Chemicals, Footwear, Rubber, Tyres, Plastics, Textiles, and Paper. We deliver reliable raw material solutions through a strong technical and sourcing network that ensures consistent quality and performance.

With over 15 years of industry experience, we are committed to market insight, ethical business practices, and long-term relationships with our suppliers and customers. We manage both high-seas and local sales, serving clients across India with a strong presence in Delhi and Ankleshwar, Gujarat.

Vision & Mission

► Company Vision

To be the most trusted and preferred global partner for specialty chemicals and polymers by delivering innovative solutions, maintaining unwavering business ethics, and building enduring relationships with our customers and suppliers.

► Company Mission

To consistently deliver high-quality specialty chemicals and polymers through reliable sourcing, deep technical expertise, and customer-centric service. We aim to empower industries with innovative raw material solutions while fostering long-term partnerships, sustainable growth, and ethical business practices.

OUR PRODUCTS

SPECIALTY CHEMICALS

› HYDROCARBON RESINS

- DCPD Water White Resins (Softening Point: 100–120°C)
- C5 Hydrocarbon Resins (100–120°C)
- C9 Hydrocarbon Resins (100–120°C)
- C5/C9 Copolymer Hydrocarbon Resins (100–120°C)

› EVA POLYMERS

- Grades: EVA 28005, 28025, 28400, 28150, 33045, 4055, 4260
- EVA with 18% Vinyl Acetate Content

› THERMOPLASTIC ELASTOMERS & RESINS

- Block Copolymers: SIS, SBS, SEBS, SEPS
- Resins: ASA, SAN, SBC
- Other: Polyester Resins, Acrylic Resins, PVC Resins

› POLYOLEFIN ELASTOMERS (POES)

- Solutac 7405
- Solutack 6810
- Lucene LG
- Sabic Grades

› WAXES

- Fischer–Tropsch Waxes: 115°C, 80°C, 60°C
- Micronized Wax
- Paraffin Wax
- Polyethylene (PE) Wax

OUR PRODUCTS

SPECIALTY CHEMICALS

➤ ROSINS & ESTER GUMS

- Gum Rosin: WW-Grade, X-Grade
- Ester Gums: Glycerol Esters, Penta Esters

➤ POLYVINYL ALCOHOL (PVA)

- Grades: BF 17W, BP 20, 173, 2088, GH17R, 9026 (Sinopec)

➤ UV MONOMERS, OLIGOMERS & PHOTOINITIATORS

- TMPTA, EO3-TMPTA, TPGDA, HDDA
- Epoxy Acrylates, Reactive Amine TMP Flakes
- Photoinitiators: 1173, 184, TPO, PBZ, Benzophenone

➤ INDUSTRIAL GELATINE (BLOOM STRENGTH)

- 120 Bloom
- 130 Bloom
- 160 Bloom

➤ RAW MATERIALS FOR POLYURETHANE (PU) SYSTEMS

- Adipic Acid
- Purified Terephthalic Acid (PTA)
- Isophthalic Acid
- Phthalic Anhydride
- Maleic Anhydride
- MDI (Methylene Diphenyl Diisocyanate)

OUR PRODUCTS

SPECIALTY CHEMICALS

› VAE EMULSION

- Vinyl Acetate-Ethylene Copolymer Emulsion

› CONSTRUCTION CHEMICAL RAW MATERIALS

- RD Powder (Redispersible Polymer Powder)
- HPMC (Hydroxypropyl Methylcellulose)
- MHEC, HEC, CMC, Sodium CMC

› ADDITIVES

- Sodium Gluconate
- Diethanolamine (DEA)
- Calcium Formate, Calcium Carbonate
- Sodium Lignosulfonate
- Aluminum Sulphate
- Sodium Perborate Monohydrate
- Sodium Naphthalene Sulfonate Formaldehyde (SNF)
- Sulfonated Melamine Formaldehyde (SMF)
- Epoxy Resins
- Glass Beads

› ADDITIVES, STABILIZERS & COUPLING AGENTS

- Antioxidants: TNPP
- UV Stabilizers: HALS
- Crosslinkers & Coupling Agents: Silane, NMA

OUR PRODUCTS

SPECIALTY CHEMICALS

› ACRYLATES & MONOMERS

- 2-Hydroxyethyl Methacrylate (2-HEMA)
- Methacrylic Acid (MAA)
- Acrylic Acid (Glacial)
- 2-Ethylhexyl Acrylate (2-EHA)
- N-Butyl Methacrylate (NBMA)
- Butyl Acrylate (BA)
- Ethyl Acrylate (EA)
- Methyl Acrylate
- Methyl Methacrylate (MMA)
- Acrylamide
- Styrene Monomer (SM)
- Vinyl Acetate Monomer (VAM)

› PIGMENTS & OPTICAL ADDITIVES

- Titanium Dioxide (TiO₂)
- Optical Brightening Agents (OBA)
- Industrial Pigments

› SYNTHETIC RUBBERS

- SBR (Styrene-Butadiene Rubber)
- EPDM (Ethylene Propylene Diene Monomer)
- Chloroprene Rubber
- Silicone Rubber

Client Testimonial

— Procurement Head, Leading Adhesive Manufacturer

"Chemfount International has been a reliable partner in our supply chain. Their deep technical understanding, prompt service, and consistent product quality have helped us streamline our raw material sourcing. It's rare to find a company that blends professionalism with such a personal touch. Highly recommended for anyone in the specialty chemicals space."
